Design on a Dime is returning to New York City this April with some of the top interior design talent in the country. Now in its 15th year, the event will take place from April 25 to April 27 at the Metropolitan Pavilion. Each year, Design on a Dime brings together interior designers to create incredible vignettes and staged scenes; the proceeds of the activation go toward Housing Works' life-saving initiatives in housing, social justice, and community health and wellness to help end homelessness and AIDS.

Designers will create their scenes using more than \$2 million of high-end furniture, art, and home decor donated from top brands, which will then be sold at 80 percent off during the event.
